Introduction

Zeni project aims to build an open world mmorpg with NFT characters. Each NFT character you play can be transferred in or out of the game. every character will level up completing in game quests, dungeons or pvp.

Mission

We are making a main character that you bring into every game we develop. once in the game your character is then reskinned automatically with the in game skins/NFTs you acquire. Our goal is to make your main character as unique as possible. throughout playing the our game you will acquire zeni which you can then withdraw.

user benefits

The features of zeni are about giving the users the ability to sell in-game content they don't need to other users in the form of NFTs.
